

EXPLOIT NO MORE
Who We Are & What We Do

Who We Are

Exploit No More is dedicated to ending child sex trafficking in the Greater Milwaukee region. ENM works with private, public, and other non-profit community organizations dedicated to serving youth and eradicating child sex trafficking.

Exploit No More's mission is to dismantle the local sex trade of children using three key approaches; awareness, advocacy, and aftercare.

Key Focus Areas

Awareness

Awareness Leads to Prevention

By talking about the issue of human trafficking and child sexual exploitation, we are closing the gap of misinformation by raising awareness and giving the community tools to get involved in the fight to end it.

Advocacy

Victim/Survivor Centered Mindset

Advocating for laws and services that equip victims and survivors with resources and support is vital. With that, advocating for stronger criminal prosecution for traffickers and buyers.

Aftercare

Healing Human Dignity

While in the life, dignity and worth are stripped down to nothing so our aftercare programs are centered around holistic restoration to create self-worth, confidence, and empowered people.

What We Do

Help more people. That is the heartbeat of our work! Sex trafficking is a complex issue to fight and everyone has a role. The programs below are ways that we are working to end sex trafficking in Milwaukee, WI and beyond. You can partner with us to help more people by supporting our work! Go to exploitnomore.org/donate to find out more!

Stories of Hope

The **Exploit No More Stories of Hope Podcast** was born out of the dedication to inform, engage, take action, and spread hope in the fact that healing and victory is possible. The goal is for

listeners to gain a deeper understanding of human trafficking, learn how to help in practical ways, and become inspired by the stories of hope.

Churches Against Trafficking

Churches Against Trafficking is a growing network of churches committed to fighting sex trafficking in their community. This network was formed to help unify the body around one cause while increasing

efficiency of ideas, strategies, collaboration, and engagement with the organizations they support and with other churches.

The Elevated Chef

Employment is a key pillar in helping victims recover and in preventing youth from being sexually exploited. Hundreds of youth in our area are victims of trafficking or are at high risk. With our

mission to dismantle the child sex trade in Milwaukee, we created a workforce development program specifically for this population of youth. This includes partnerships with well-established, youth serving organizations to help elevate youth.

MKE Resource Hub

When Collaborative Rapid Advocacy for Youth (CRAV), recognized the need for personal care items, the **MKE Resource Hub** was formed. Survivors, victims, and

high-risk youth will be given tangible ways to make their own decisions; which is essential for physical and emotional healing. Thirteen local organizations will be involved including the FBI, Aurora, and MPD Sensitive Crimes.

Schools Against Trafficking

Education leads to prevention. **Schools Against Trafficking** helps to educate youth about the reality of sex trafficking and the tactics that abusers use so youth can keep themselves and others around them safe.

Freedom House

The lack of housing for survivors is key challenge throughout the United States. Locally, one of the main reasons is the huge financial weight of operating a home for minors. It

requires certification, highly trained staff, along with basic needs for the survivors. **The Freedom House** will be a fully staffed, government regulated home providing a safe place for victims of child sex trafficking to receive a holistic care curriculum to help them move forward and thrive in life.
