

Who We Are

Exploit No More is dedicated to ending child sex trafficking in the Greater Milwaukee region. ENM works with private, public, and other non-profit community organizations dedicated to serving youth and eradicating child sex trafficking.

Exploit No More's mission is to dismantle the local sex trade of children using three key approaches; awareness, advocacy, and aftercare.

Key Focus Areas

AWARENESS

People need to know about the issue and become more knowledgeable. Along with this, prevention efforts are vital to ending human trafficking and child sexual exploitation.

Efforts such as addressing the fact that there is a demand to buy these services, especially from children.

ADVOCACY

Laws are important in winning the fight. Advocating for stronger criminal prosecution of both the trafficker and the buyer. It is also important to advocate for sustainable government funding for organizations that are working to help this population.

AFTERCARE

The lack of long-term housing for survivors is key challenge in locally and globally. Locally, one of the main reasons is the huge financial weight of operating a home for minors. It requires certification, highly trained staff, along with basic needs for the survivors.

Every 30 seconds, a human is sold into slavery

EXPLOIT NO MORE
Who We Are & What We Do

What We Do

Help more people. That is the heartbeat of our work! Sex trafficking is a complex issue to fight and everyone has a role. The programs below are ways that we are working to end sex trafficking in Milwaukee, WI and beyond. You can partner with us to help more people but supporting our work! Go to exploitnomore.org/donate to find out more!

CHURCHES AGAINST TRAFFICKING

Churches Against Trafficking is a growing network of churches committed to fighting sex trafficking in their community. This network was formed to help unify the body around one cause while increasing

efficiency of ideas, strategies, collaboration, and engagement with the organizations they support and with other churches.

SCHOOLS AGAINST TRAFFICKING

Education leads to prevention. Schools Against Trafficking helps to educate youth about the reality of sex trafficking and the tactics

that abusers use so youth can keep themselves and others around them safe.

MKE RESOURCE HUB

When Collaborative Rapid Advocacy for Youth (CRAY), recognized the need for personal care items, the MKE Resource Hub was formed.

Survivors, victims, and high-risk youth will be given tangible ways to make their own decisions; which is essential for physical and emotional healing. Thirteen local organizations will be involved including the FBI, Aurora, and MPD Sensitive Crimes.

STORIES OF HOPE PODCAST

The Exploit No More, Stories of Hope Podcast was born out of the dedication to inform, engage, take action, and spread hope in the fact that healing and victory is possible. The goal is for listeners to gain

a deeper understanding of human trafficking, learn how to help in practical ways, and become inspired by the stories of hope.

FREEDOM HOUSE

The Freedom House will be a fully staffed, government regulated home providing a safe place for victims of child sex trafficking to receive holistic care,

a Christian based healing curriculum to help them move forward and thrive in life.

THE CITY CHEF

Employment is a key pillar in helping victims recover and in preventing youth from being sexually exploited.

Hundreds of youth in our area are victims of trafficking or are at high risk. With our mission to dismantle the child sex trade in Milwaukee, we are creating a workforce development program specifically for this population of youth. This will include partnerships with well-established, youth serving organizations to help elevate youth into who God created them to be.
